### What Is NuLEMURIA?

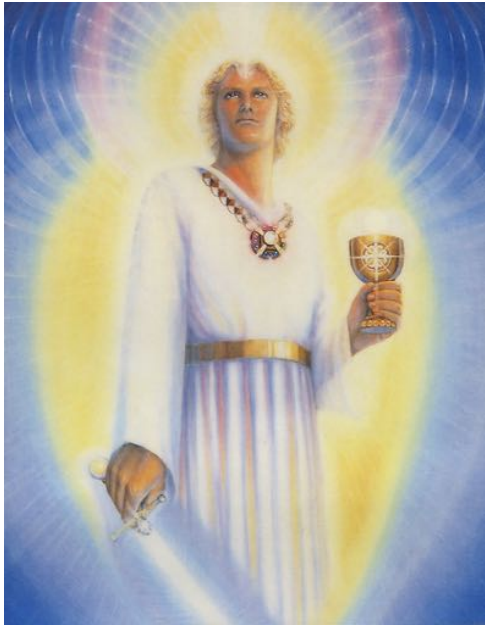

During the past few years we have witnessed an exponentially growing interest in Lemuria. Information has been presented to us by individuals visiting Angel Valley and we have had our personal experiences with the Lemurian energy.

There are many books and articles available and clips on YouTube, that give different perspectives. All are attempting to answer the question: What was and what Is Lemuria?

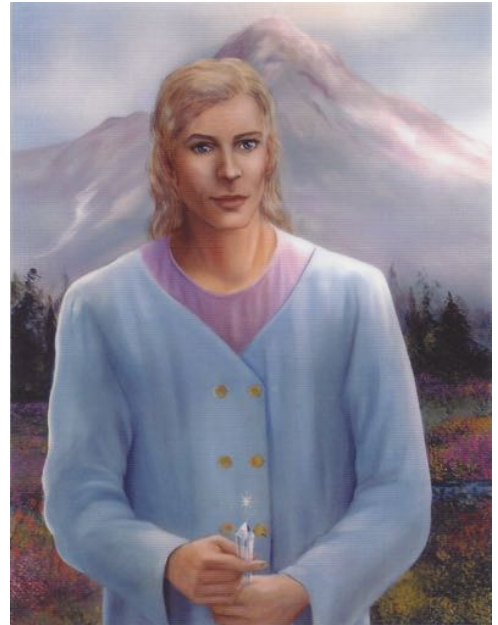

Here is a link that shares a perspective that resonates with us:

Our personal focus is to discover what Lemuria, of another time and space, represents today, and how is that energy assisting us in the birthing of NuLEMURIA here in Angel Valley.

### Michael:

*'In 1992, when I, Michael, was living in Southern California, I was invited to the private home of Joshua David Stone, an expert on Lemuria and Telos. I met two very nice, friendly and loving beings, a man and a woman, who claimed to be Lemurian, from Telos. They said they were hundreds of years old. I listened as they described their life and their city. While I thought it was interesting, I must admit that I dismissed them as being a bit delusional.*

*Now, over 22 years later, I find myself exploring and discovering my connection to Mount Shasta, Telos, Lemuria, and their importance and relevance in my life. I invite you to listen to your heart, to work with what resonates for you and let the rest go. Feel free to call me delusional, as I once called the two beautiful Lemurian beings from Telos that I met in 1992.'*

We were prompted to read and meditate upon the messages and information contained within the books:

1. Telos, channeled and written by Aurelia Louise Jones, Volumes 1, 2 and 3
2. Telos, channeled and written by Dianne Robbins

We give the authors of these books the full credit and our gratitude for bringing forth information from Telos, a 5<sup>th</sup> dimensional, Lemurian subterranean city beneath Mount Shasta.

We invite you to read these books and any other books that relate to Telos or the Lemurian civilization.

Much of the following is quoted from these books and is based upon the principles and beliefs given via channelings by Adama, High Priest of Telos and others.

**Quotes:**

***'The Fifth Dimension is not as much a place you go to, but rather a State of Being, and a Vibration Represented by the Energies of Love, Trust, Compassion, Faith, Grace, and Pure Gratitude!'***

***'What needs to be done to ascend to the Fifth Dimension?***

***Ascension is nothing more than awakening to the truth of Your Divine GOD Self within this dimension.'***

***'Before unity consciousness of the Fifth Dimension can be fully integrated globally, the work must be done first on an individual basis by each one of you. Each person must walk their own unique journey to the end; no one else can do this for you.'***

***'You have performed rituals and initiations as rites of passage to higher realms of being. We say to you that the rites and rituals, the rules and mystery schools, the codes and secrets are now complete.***

***The answers you seek reside within you! The only spiritual practice needed now is one that awakens you to this truth.'***

***'In Telos and all Lemurian Communities of this dimension we all affirm daily our choice to be awake and in communion with Source. It is this choice that manifests our paradise. Our world is as we create it, instant by instant!'***

***'We cannot teach you how to be compassionate with yourself, but we can show you how to 'Want' to be compassionate with yourself.***

***For this 'Want' is in itself the one true question that all in the universe offer support to answer.***

***This 'want' or desire is itself a force, a tool of mastery, and a tool of the awakened human being.***

***This 'want' is the voice of a human heart that recognizes, after many dark nights of the soul, that it can question, in a loving way, everything that it has ever known and been taught to believe is true.***

***This 'want' is not compelled by a need, and it is not a desire for something that is missing. Instead, it is a knowing that everything is already here, and you must simply give it form. It is the compassion to allow all the other possibilities of creation the human mind has not yet awakened to.'***

***'We, Lemurians, stand on the other side of that deep rushing stream which represents all that you 'THINK YOU KNOW AND BELIEVE' about yourselves, calling to you from our Hearts with a sweet song, a sweet frequency. We offer our love to help you awaken with the energy to leap over those churning waters without a thought, and we will be there to catch you on the other side as you land on the shore of 'UNKNOWING'!'***

***'Mastery does not mean 'knowing' everything as some of you may believe. Life is a continuous process of unfolding. The Creator exists in a perpetual state of creation and so do you.***

***Mastery involves 'knowing' in the moment only that which is appropriate for that moment.'***

***'Understand that there are Preparations and Purifications of Consciousness that must take place. A Self-Regulating Government, with Self-Regulating People, must be formed on the Basics of Justice and Equality for ALL of Life.'***

***'In Telos we have Perpetual Peace and Prosperity, Immortality and Perfect Health. We all are living with GOD'S Light and GOD'S Divine Code of Ethics. We see the Light in All Diversity, and knowing the past explains the present and enlightens the future.'***

***'All Life needs Peace for evolvment to take place!'***

**At Angel Valley:**

We are listening to our hearts and to our inner guidance, as we are doing 'THY WILL' to the best of our ability, in manifesting a 5<sup>th</sup> Dimensional 'Sacred Oasis Community', called NuLEMURIA in Angel Valley!

Our foundational Philosophy, Vision, and Mission has been birthed from our personal experiences, beliefs, knowing, imaginings, and guidance. It is how we, Michael and Amayra Hamilton, and those who live here with us, are giving form to the Vision that Michael received from Archangel Michael in 2008.

***'An Experiential Dream and Vision'***

*On July 21, 2008, Archangel Michael and I walked through Angel Valley where I felt and experienced the energy of peace, love and aliveness. I witnessed a community where everyone was loving themselves. Everyone was being their true natural selves. Everyone was in a state of balance and harmony with themselves and each other. Everyone was listening to their heart and expressing themselves in ways that came from their highest excitement. The people were living in a world of joy and happiness with no jealousy, no competition, no envy, and no conflict. Everyone was first focused on themselves, and from that space all were working together in a spirit of co-operation, support, and encouragement.*

*I saw busloads of people from all over the world driving down our road, being called by some unseen force, desiring to explore and experience what was waiting for them at the end of this road.*

*At the time the only words I could come up with to describe what I witnessed was 'A New Paradigm Reality'.*

*Simultaneous with seeing and experiencing the wonder, the beauty and the magic of this type of community, I was also reflecting on the people I was working with at the time, thinking that it would take at least 25 years for them to shift their consciousness. I was not willing to invest the next 25 years of my life in assisting them to change.*

*So when we reached the end of the Valley I told Michael: This is beautiful, but no, thank you!' He said, 'OK' and left!*

*Three days later, he returned telling me he heard my 'No.' He went on to say that, if I wanted to, together we could build the foundation of this New Paradigm Reality by 12/21/2012. Without hesitation I told him, 'Yes!'*

*Little did I know what all would be required of me, and what consciousness shifts I would need to make and am still making for that Dream and Vision to manifest. I also did not know at that time, and would not know until late 2014, that Archangel Michael was showing me a vision of NuLEMURIA.'*

Our Philosophy, Vision and Mission Statement lets the world know who we are and what we are committed to. We are sending out the call to all who feel a resonance and a desire to assist in the manifestation of NuLEMURIA in Angel Valley. If this brings up excitement for you, please, feel free to ask any question or share any comments.
